2020: A Year of Reflection, Resilience, and Reawakening

What a year. A year of discomfort. A year of uncertainty. A year of worry and fear. A year of isolation and cancelled plans. But also, a year of great opportunity for long overdue and necessary change. Boys & Girls Clubs of the Twin Cities is deeply grateful for your support through it all!

As I reflect on 2020, I remain filled with so many emotions that I’ve carried throughout the past year. We started 2020 on very strong footing, focused on our 2025 Strategic Plan to ensure increased youth and communities served, increased BGCTC youth graduating on time with a plan for the future, and a much more diversified and sustainable funding model. We were completely unaware of what we’d be walking into just a few short months later.

On March 17, our world changed right before our eyes. First, we walked into a global pandemic that exacerbated the already existing health inequities our youth and families face every single day. Then, we experienced the senseless killing of George Floyd and the outcry for social justice that followed, exposing the continued and heightened racial inequities in our country. These experiences have shaken us to our core and required each and every one of us to look deep inside ourselves, reflecting on the things that are important to us and how we can strive to work better together for change.

This year has been one of anguish, fear, and uncertainty, but it’s also taught us to remain steadfast in our commitment to helping one another. As an organization, we have learned so much about ourselves and have moved over incredible hurdles. We’ve learned that when faced with challenging circumstances, we rise above to adapt and persevere because at the core of what we do is our young people and their families. BGCTC staff pivoted, collaborated, and found new channels for delivering our work to ensure kids, teens, and families were at the center of focused efforts. Among many positive outcomes of this process: already strong Club relationships with the families we serve have become even stronger.

BGCTC is committed to inclusivity, equity, and opportunity for ALL youth, and we champion policies and practices of cultural equity that empower a just, inclusive, and equitable organization. Now, more than ever, we have a responsibility to do better by our young people, to speak up for them, and provide them a platform where their voices can be heard and be part of the much-needed systemic change in our nation.

Onward and upward.

Terryl Brumm
President & CEO

Our mission: to enable all young people, especially those who need us most, to reach their full potential as productive, caring, responsible citizens.

Our work to keep Club members focused on bright futures would not be possible without our generous donors, board members, staff, and volunteers. We are inspired by everything our community of supporters is doing to help meet increasing community needs resulting from the pandemic and the racial equity movement. The opportunity to share candid and real-time information about the challenges we are facing at every level has been essential to developing solutions and creating change.

As we look forward in 2021 and beyond, we know that we need to increase our resources and supports in building stronger and more equitable program opportunities for an expanding number of young people. We will continue to respond to the changing economic climate and resulting growth in education, health and income disparities by increasing accessibility to high quality experiences, activities, and resources so EVERY young person is on target to reach their full potential.

Again, thank you for your support and your commitment to helping young people build great futures.

Together we are stronger!

Terryl Brumm
President & CEO
In Fiscal Year 2020, we served 6,017 youth at 10 Twin Cities Club locations and Voyageur Environmental Center in Mound.

Pipeline to Workforce
ACADEMIC SUCCESS

BGCTC’S K-12 Academic Success strategy assists young people TO BECOME LIFELONG LEARNERS and do well in school, providing youth opportunities for educational enhancement, career exploration, and augmented learning in literacy, finance, arts, and technology. Youth are supported with academic enrichment, homework help/tutoring and career exploration activities to increase school engagement and performance, and to prepare youth for post-secondary success.

566 K-6 youth participated in the Literacy Program
- In the fall-winter session, 97% of K-1 participants made significant gains in reading test scores; 83% of grades 2-6 participants made significant gains in reading test scores.

506 youth participated in STEAM programming. Education and enrichment activities included:
- 90+ STEAM units presented as enrichment stations
- Sea Research Foundation’s STEM Mentoring
- Financial literacy
- DIY STEM, BGCA’s project-based, skills-building curriculum
- Numeracy enrichment, with multi-sensory math stations to help youth build math proficiency

345 youth participated in studio arts
231 youth participated in performing arts
290 youth participated in tutoring support

TEEN PATHWAYS

Teen Pathways is designed to connect young people to the opportunities they need—and deserve—in order to become productive, caring, and responsible citizens.

The program encompasses all aspects of post-graduation planning including academic goal setting, making appropriate preparatory curriculum choices, interest and skills assessments, exploration of post-secondary options, industries and careers, and linkages to adult mentors in their fields of interest. This unique, overarching program strengthens teen engagement and workforce development.

273 youth participated in Teen Pathways programming including academic support, career exploration, and job skills/job search techniques.
HEALTHY LIFESTYLES

BGCTC’s Healthy Lifestyles strategy develops young people’s capacity TO LIVE HEALTHFULLY by educating youth about fitness, nutrition and smart health decisions. Activities focus on instilling positive conflict resolution techniques, encouraging positive behaviors, setting personal goals, and building resistance skills that nurture and strengthen kids’ minds and bodies.

Provided 59,531 Child and Adult Care Food Program (CACFP)-approved meals and snacks to youth
Provided 94 youth with hands-on kitchen safety and cooking/nutrition classes
1,255 youth participated in healthy movement activities and 352 participated in sports leagues

VOYAGEUR ENVIRONMENTAL CENTER

Voyageur’s overnight and day camp sessions instill an appreciation for nature and give youth a chance to experience how to be both leaders and valuable group members. Outdoor recreational activities include swimming, fishing, canoeing, nature hikes, and a variety of curriculum-based courses in outdoor survival and environmental education.

As we responded to the COVID-19 pandemic, with assistance from Kristine Maurer, University of Minnesota, Hennepin County Forestry, and U of M Forestry Dept., we devised a way for people to visit the camp virtually with “Tree Trek”, a self-guided trail of 23 stations for families/groups to experience camp in a safe/social distancing way.

Despite the unexpected events of this year, more than 275 young people were able to experience Voyageur in person, including BGCTC members and local community groups. BGCTC highlights include:

SEPTEMBER–DECEMBER – Completed internet and phone technology upgrades and Outdoor Education curriculum updates and improvements.

JANUARY – Youth from our Little Earth, Southside Village, and Jerry Gamble Boys & Girls Clubs came out to experience winter outdoor activities. Sledding, snow shoeing, and winter animal tracking were introduced as youth learned how animals adapt to winter.

FEBRUARY – CLAM Ice Fishing Days: Youth from our Jerry Gamble and Southside Village Clubs traveled to Lake Waconia and were teamed with pros from Clam Outdoors to learn ice-fishing, “Leave No Trace” practices and fish conservation. Also in February, teens attended a leadership conference at Voyageur.

AUGUST – Hosted a group of 24 kids from our Jerry Gamble Club. After 4 weeks of being inside, they were thrilled about the opportunity to be outside and go fishing, enjoy our waterfront.

CLUB MEMBER STORY

Michael*, a 5th grader, participates in daily circle time with his peers at the Club. He has discovered how to trust his feelings, think critically about emotions and behavior, and discuss tough issues facing Club youth and his community. Michael believes circle time helps Club kids understand each other better, become closer, and focus on their futures. “We’re family. We stick together,” he says. “I trust everybody at the Club.”

BGCTC’s goal is for ALL youth to grow into healthy adults by learning to identify, understand, and manage their emotions. Over our past two years of focus on social and emotional learning activities, our Clubs have seen a 50% decrease in conflicts and behavior issues. Our programs are helping kids become stronger and healthier each day.

*Name changed for privacy reasons.

TEEN LEADERSHIP CONFERENCE

In February 2020, 40 teens from Boys & Girls Clubs around Minnesota attended our 2020 Teen Leadership Conference at Voyageur. This weekend getaway focused on helping our teens develop leadership skills, build positive relationships with other Club youth, and grow confidence and self-esteem in a fun, supportive environment. In teams of eight, teens participated in team-building activities and friendly Olympic-style competitions. Events included an outdoor relay, a Gaga Ball tournament, group games, leadership and identity workshops, and a team rap battle.
GOOD CHARACTER & LEADERSHIP

BGCTC has achieved positive results to ensure our youth and teens are prepared for success in school and life. Good Character & Leadership programs inspire youth TO BE ENGAGED by providing character, leadership, and service-learning opportunities to Club members. Outcome-driven programs coach youth to develop planning and decision-making skills by supporting and influencing their Club and community.

276 youth participated in Good Character & Leadership programming to improve social skills/civic engagement.

YOUTH ENGAGEMENT PROJECT

As part of BGCTC’s Teen Pathways programming, teens are encouraged to get comfortable with activism and to stay informed on the issues they’re passionate about. Prior to 2020, many Patrick Henry Club teens were already involved in local reform work and active in other community organizations. In the months before closures due to COVID-19, Patrick Henry’s Black Student Union coordinated volunteer groups to help community members register to vote and complete the 2020 census. In the weeks following the death of George Floyd, many Patrick Henry Club teens participated in community actions, helped organize food and supply drives, and signal boosted local resources on social media.

2020 YOUTH OF THE YEAR

Ke’la Scuefield

Ke’la Scuefield, a senior from our Patrick Henry Club, was chosen as BGCTC’s Youth of the Year on January 31, 2020. Ke’la’s past endeavors included significant involvement in a Youth Participatory Action Research (YPAR) project, which involved the facilitation of focus groups to gather data on various mental health topics in communities of color, and her group later had the honor of presenting their project at the Beacons National Conference in San Francisco.

An inspired optimist and a Club member for over seven years, Ke’la also received recognition for her leadership qualities through Beacons’ Big Homies mentoring program. On March 16, 2020, Ke’la won the title of Minnesota Youth of the Year during a virtual presentation, following the cancellation of in-person Youth of the Year events due to safety concerns surrounding the growing COVID-19 pandemic. After graduating from Patrick Henry High School, Ke’la went on to attend Morgan State University, one of the nation’s most prestigious Historically Black Colleges and Universities.

“I want to become a role model for younger youth in my community and in the Clubs. I grew up within the Clubs and have been inspired by the leadership of the staff and youth. Over the years, I have learned to be open-minded by listening to the viewpoints of others, even when they’re completely different from mine. Good leadership means not only being an advocate and a champion for disenfranchised individuals, but to also be a good listener and to understand that I may not know everything. I am appreciative of the Boys & Girls Clubs for helping me grow as a thinker and providing me with a safe space to explore topics that I am passionate about.”

— Ke’la Scuefield, 2020 Youth of the Year
INCREASED SUPPORTS TO YOUTH AND FAMILIES

The COVID-19 pandemic impacted in-person program delivery during the last half of the fiscal year. Clubs closed for in-person programming on March 17, and BGCTC immediately transitioned to virtual programming.

IMMEDIATE COVID-19 RESPONSE EFFORTS:

14,487 family wellness check-ins conducted BGCTC staff members continue to connect with each of our families to make sure they have the supports they need during this difficult time. These calls focus on immediate needs related to shelter, food, technology needs, and medical care.

167,640 meals distributed to families through Family Meal Kits program BGCTC worked diligently with food distributors, grocers, and restaurants to provide weekly meal packages (10,000+ meals) for our families and connect families to additional nutrition resources.

2,181 virtual programming experiences Delivery of youth development programs as a distance learning model included K-12 academic support, ensuring digital connectivity, and distribution of education materials and supplies to youth and families.

CLUB MEMBER STORY

Joshuah

Growing up in a struggling household, Joshuah saw his loved ones suffer addiction and poverty, and he decided that he would strive to create a different path for himself. At a young age, Joshuah turned to the Little Earth Boys & Girls Club and found a safe space and positive role models. Over his 11 years at the Club, he developed strong leadership skills, respectful behavior, responsibility, and confidence. After falling behind in his sophomore year, Joshuah returned to school for his junior year and took on extra coursework to catch up. Now a senior, he is on schedule to graduate on time. He is the first person in his family to graduate, and he plans to attend college next fall. “There’s something that I achieved within my story of survival; I became a pioneer,” he says. “A lot of people stay stuck in survival mode and that’s what I won’t do. I want to challenge everyone to get out of that survival mode and pioneer to great lengths.”
ADVANCING FOOD SECURITY

FAMILY MEAL KITS: Beginning April 1, BGCTC offered free weekly meal packages to Club families to address the increased food insecurities kids and families faced with work disruptions and school closures caused by the COVID-19 pandemic. This expanded meal program – Family Meal Kits – provided boxes of pre-sorted meal components that were distributed at eight Club locations each Wednesday. From April 1 until the program’s end on August 7, BGCTC DISTRIBUTED 167,640 MEALS.

SSV PANTRY: With many retailers already closed due to the pandemic, property damage resulting from unrest in the weeks following the murder of George Floyd left many Minneapolis residents with reduced access to fresh and healthy food. On June 1, BGCTC converted our Southside Village Club into a pop-up free food and supplies pantry serving families who were disproportionately impacted by the confluence of traumatic events and lacked access to grocery stores and transportation. The Club—located just one block from the George Floyd memorial—opened its doors each Monday, Wednesday, and Friday. Volunteers assisted each family in selecting essential food staples, personal care, and childcare products. Until its closure on August 7, the Southside Village pantry served up to 100 families per day, with 2,700 SHOPPERS SERVED.

“I haven’t seen anything like this in the 40 years I’ve lived in south Minneapolis,” Graves said. “This is the positive stuff that people around the country need to see. In a time you want to give up hope, this is the stuff that makes you not want to give up hope.”

— Mark Graves, Southside Village Club Branch Director, on the outpouring of support to the Southside community
COVID-19 RESPONSE

DISTANCE LEARNING SUPPORT

VIRTUAL PROGRAMMING (MARCH-JUNE): BGCTC launched a virtual learning platform on April 16. The first weeks of this new programming channel via Google Classroom focused on welcoming and engaging youth and families and orientation to virtual learning opportunities, along with providing daily academic support. Additionally, education packets and education supplies were distributed to families weekly along with the Family Meal Kits.

SUMMER SESSION: During summer 2020, two BGCTC Clubs (Mt. Airy in Saint Paul and Jerry Gamble in Minneapolis, for K-5 Club members) reopened with a full day small-group, in-person programming model with intentional focus on decreasing educational disparities. Our wrap-around reopen plan involved a structured partnership with parents/guardians and teachers/schools as BGCTC took on a more significant role in administrating a high-quality Club and education experience. Planning for our Fall session included strategies to reopen additional Clubs for full day small-group, in-person programming: Southside Village in Minneapolis and Al Lenzmeier West Side in Saint Paul for K-5 programming, and East Side in Saint Paul for teen programming.

64 K-5 YOUTH PARTICIPATED IN LITERACY AND 72 K-5 YOUTH PARTICIPATED IN STEM PROGRAMMING DURING THE SUMMER SESSION.

CLUB MEMBER STORY

Nichole

Second grader Nichole attends our Al Lenzmeier West Side Club and participated in the Mt. Airy summer program. Nichole always has a positive attitude, asks great questions, and is always willing to persevere.

She improved her literacy skills over the summer, moving from the High Risk to Some Risk category and raising her cumulative reading test score by 34 points.
SOCIAL JUSTICE AND EQUITY

In addition to the challenges of the pandemic, our communities also felt the ramifications of the horrific death of George Floyd and the resounding call for justice and an examination of how systemic racism has and continues to affect people of color in our country. The future of our nation rests in the hands of our young kids and teens – young people who are watching the news and their social media feeds, overhearing their parents’ conversations, worrying for their world, and looking for mentoring and support. BGCTC has always been at the forefront of change, and we are committed to providing our young people a platform where their voices can be heard and help create much needed change for our country.

SOCIAL JUSTICE EVENTS AND TEEN PANELS: In June 2020, Boys & Girls Clubs across the country began collaboration on a new teen social justice initiative called Be the Change You Want to See. This new initiative amplifies youth voices and activism through critical and intentional conversations, artistic expression, and service projects, with a goal to educate and inspire teen Club members to be catalysts for change across our nation. On August 5, this initiative scaled up to a national, multi-city Teen Empowerment Town Hall that tackled timely issues of social and racial justice impacting teens in America today, including lively discussions on topics including police reform, criminal justice reform, and grassroots activism. Participating in the town hall were teen Boys & Girls Club members from the Twin Cities, Houston, Metro Atlanta, St. Louis, Washington, D.C., and San Francisco.

EQUITY STATEMENT: BGCTC is committed to inclusivity, equity, and opportunity for ALL youth, as well as championing policies and practices of cultural equity that empower a just, inclusive, and equitable organization. Cultural equity embodies the values, policies, and practices that ensure that all people—including but not limited to those who have been historically underrepresented based on race/ethnicity, age, disability, sexual orientation, gender, gender identity, gender expression, socioeconomic status, geography, citizenship status, or religion—are represented in the development and implementation of youth programs; the fair financial and supervisory support of staff; and the leadership of the organization.

FOR THE KIDS!

BGCTC held our annual Benefit for the Kids on October 11, 2019 at US Bank Stadium. We had a wonderful time celebrating the achievements and highlights of 2019 alongside our supporters at this inspiring event featuring educational activities, games on the stadium field, and a wonderful speech from our own 2019 Midwest Youth of the Year Anaa Jibicho. We raised $650,000 to benefit our Clubs, our programs, and the youth we serve.

SPRING THAW

BGCTC held our 8th Annual Spring Thaw Gala on March 7, 2020 at Quincy Hall. This fun-filled night hosted by our Associate Board, BGCTC's Young Professionals Network, featured a sponsored food station by “Top Chef” star Justin Sutherland, as well as hosted Fulton beer, wine, and specialty drinks. The evening also included exciting live and silent auctions, casino games, incredible youth performances, and raised nearly $55,000 for BGCTC.

TAILGATE IN A BOX

During August 2020, BGCTC presented our first VIRTUAL fundraising event: Tailgate in a Box. This month-long virtual celebration highlighted the many ways our Clubs continue to support youth and families in our communities through the COVID-19 pandemic and the civil unrest following the death of George Floyd. With their ticket purchase, attendees received an exciting “Tailgate in a Box” filled with great handles, beverages, and other great items provided by our sponsors. Attendees also enjoyed a virtual program each Tuesday following that day’s Twins game, with guest interviews from Twins alumni LaTroy Hawkins, Roy Smalley, Glen Perkins, and Michael Cuddyer. Throughout the month, we raised $130,000 for our Clubs.
