VOYAGEUR

ABOUT VOYAGEUR

Voyageur Environmental Club is a beautifully designed venue that blends natural beauty with modern amenities to create an unforgettable experience for every occasion. The property is owned by Boys & Girls Clubs of the Twin Cities (BGCTC) and over the years, Voyageur has provided many unique opportunities for thousands of BGCTC youth to explore environmental education and empower them to become stewards of the environment.

Hosting your wedding at Voyageur will not only provide a beautiful setting, but will also support BGCTC and our mission to enable all young people, especially those who need us most, to reach their full potential as productive, caring, responsible citizens.

The main building, Voyageur Lodge, comfortably accommodates up to 105 guests for meal service, while the wrap-around deck provides stunning views of the peaceful lakefront. The expansive field and forest on property allows space for larger weddings. For those looking for the full “camper” experience, the Voyageur property includes 8, 14-person cabins that provide comfortable overnight accommodations.

Guests have access to a variety of outdoor recreational amenities that enhance any event. Enjoy time at the beach front for swimming, test your skills at the archery range, or end your night around a fire with your guests.

With its blend of modern comfort, scenic beauty, and engaging outdoor experiences, Voyageur Environmental Center is the perfect destination to create meaningful memories that will last a lifetime.
